

HARINI N

B.E. Computer Science and Engineering | Easwari Engineering College | CGPA: 8.915

Email: harining205@gmail.com | LinkedIn: linkedin.com/in/harini-neelakandan | GitHub: github.com/harini311207

CAREER OBJECTIVE

Computer Science Engineering student with a strong interest in software development, problem solving, and emerging technologies. Actively building skills through coding practice, projects, certifications, and hackathons, with a goal of gaining practical industry experience through an internship.

TECHNICAL SKILLS

Programming: Python, Java, C

Core: Data Structures & Algorithms, Problem Solving

Database: MongoDB

Areas: Web Development, Machine Learning

Tools: Git, GitHub

PROJECTS

Plant Disease Detector

- Developed a project focused on identifying plant diseases using image-based analysis.
- Explored machine learning concepts for disease classification and early detection.
- Designed the solution with practical application for supporting plant health monitoring.

Student Expense Tracker

- Developed an application to record and manage daily student expenses.
- Organized expenses into categories to help users monitor spending.
- Focused on creating a simple and user-friendly expense management solution.

HACKATHONS & ACHIEVEMENTS

- Participated in 5+ Hackathons, gaining experience in teamwork, ideation, and rapid prototyping.
- Participated in HackVerse 2026: Innovate, Build, Impact - Optimization Algorithm & Gaming, a 7-hour inter-college hackathon conducted by SIMATS Engineering.
- Active participant in LeetCode coding practice, strengthening DSA and problem-solving skills.

CERTIFICATIONS

- AI Skills Passport - EY & Microsoft
- Turn Ideas Into Prototypes With Vibe Coding - IBM SkillsBuild
- MongoDB Basics for Students - MongoDB

EDUCATION

Easwari Engineering College - B.E. Computer Science and Engineering

Cumulative GPA: 8.915
